

Download A Survival Guide For The Vegetarian In Japan

At the moment I'm sitting in a cottage in France (recovering from a cold, but that's another story), a land notorious for not being so vegan friendly except in the larger cities. The native cuisine is generally not vegan - even vegetable dishes often use things like dairy products or animal fats or stock in the cooking process, which can make things difficult. Japan is a vegetarian paradise wrapped in a vegetarian hell. Love of seafood is deeply engrained in Japanese culture. Japan is mostly mountains and has little arable land. It's also an island with a high population density. Historically, fish was key to survival. In Japan, you will quickly start to ...Every year brings unique and sometimes wacky new workplace initiatives. 2018 brought us examples such as such as implanting microchips in employees and allowing them to only expense vegetarian ...If you are visiting Patong for the first time, it can be tough to find out what to do first in this bustling beach town. This page is meant to make your decisions easier as you can see, at a glance.
