

# Download Chemistry Element Sudoku Answers

This is the general knowledge questions and answers section on "Chemistry" with explanation for various interview, competitive examination and entrance test. Solved examples with detailed answer description, explanation are given and it would be easy to understand. In my last question seen here: [Sudoku - Region testing](#) I asked how to check the 3x3 regions and someone was able to give me a satisfactory answer (although it involved a LOT of tinkering to get it working how I wanted to, since they didn't mention what the class table\_t was.) I finished the project and was able to create a sudoku generator, but it feels like it's contrived.
