A house renovation remains a viable and popular way to work your way up the property ladder. Of course this type of project is not only a good way to increase your bank balance, sometimes, buying a wreck to renovate is the only way to afford a house of the size and style you want in a certain area. Not sure what the block to the left was, whatever it was its long gone now. Its just have an empty field next door. Here's a google link which shows it a bit better. By Jacque Wilson, CNN. Gone are the sterile white walls and the smell of disinfectant. Gone are the tiny shared rooms with the separating curtain and the incessant hum of fluorescent lighting.
