

Download Informs Cap Study Guide

INFORMS (www.informs.org) is pleased to publish this first study guide for the CAP program. It would not have been possible without the work of the Study Committee (listed) and the comments from the many reviewers of the draft guide. STUDY GUIDE MEMBERS: Alan Taber, CAP (Lockheed Martin) – Co-chair
INFORMS has developed a new continuing education offering, The INFORMS CAP Preparation Course, or CAP Prep for short. The course is a great opportunity for operations research and analytics professionals at all experience levels to prepare for the Certified Analytics Professional (CAP) certification or to refresh their knowledge and skills. Registering for the CAP site gives you full access to a wealth of information and material helpful for your pursuit of the Certified Analytics Professional designation, such as webinars, the CAP Study Guide and CAP Study Group, sample CAP exam and more – including the application. Both the course listing and webinars are available to review online at any time. A CAP study guide was created as well, by CAPs for CAPs, to help guide study efforts, and a CAP Candidate Handbook contains information on every aspect of the program to guide applicants from start to finish.
