Newton's Laws of Motion Lesson Plan Next Lesson. Newton's Three Laws of Motion Lesson for Kids; Newton's Laws Activities & Games Another major contribution made by Newton was the formulation of the laws of motion. We call this Newton's Laws of Motion, or sometimes just the Laws of Motion. Newton formulated three of them. Acceleration answers the question "Is the object's velocity changing, and if so - how quickly?" Once again we have an operational definition. We are told what steps to follow to calculate acceleration. The ACT Test Center includes advice on how to prepare for the ACT Science Reasoning Test. Practice passages are included; answers and explanations to all questions are provided.
