Within the Next Generation Science Standards (NGSS), there are three distinct and equally important dimensions to learning science. These dimensions are combined to form each standard—or performance expectation—and each dimension works with the other two to help students build a cohesive understanding of science over time.

In Parlier Unified, our teachers will build lessons based on the Next Generation Science Standards to ensure our students are ready for the California state assessment at in the spring (SBAC). All science teachers in grades 7-12 have been provided these NGSS curriculum maps and pacing guides to support and guide their instruction with your ...
