The mention of trade names, commercial products, or organizations does not imply endorsement by OSHA or the U.S. Government. The term ...The mention of trade names, commercial products, or organizations does not imply endorsement by OSHA or the U.S. Government. Noise, or unwanted sound, is one of the most common occupational hazards in American workplaces. The National Institute for Occupational Safety and Health (NIOSH) estimates ...Safety Alerts. Each month, IADC distributes HSE Alerts to members. All Alerts issued will be archived on this web site. We welcome your ideas for future Safety Alerts.OSHA needs to focus on major issues at the high-risk-high-incident industries and companies. When no major violations are evident, the intent of most inspections seems to shift to collecting fines and justifying the inspector's existence.
