

Download Starburst Teacher Sayings

At our school the parent organization shows appreciation to the entire teaching staff by providing special treats in the teacher's lounge during teacher appreciation week. These free printable appreciation signs are a fun way to find the perfect teacher gifts and celebrate with these teacher appreciation ideas. It is that time of year where we get the opportunity to thank those wonderful teachers that help our children and impact their future. I have found over 100 great ideas. You will find ideas for sayings, crafts, gifts ...I love this! I'm definitely pinning it to my Valentine Board! I made a super cheesy Valentine gift for my husband a couple years ago with things he loved like "Nuts-I'm nutty about you, Candle-you light up my life, little cakes-I love you like a fat kid loves cake, Hammer-you make my heart pound, Snickers-thanks for making me snicker, and more I can't seem to think of, you get the idea. I like the kit, the sayings for each of the candies are perfect. It will be a great addition to the gift bags that I am putting together for the Nursing Staff for Nurse's Week in May.
