After having 'tubes tied,' women report painful side effects that doctors never mention. For some women, sterilization leads to all sorts of awful symptoms that they refer to as post-tubal ...I use a stainless steel blackhead removal tool to dislodge my tonsil stones. I've had the stones forever. I have been self treating for about a year with this method I started with Qtips and worked on controlling my gag reflex to the point I was comfortable putting a piece of metal into my tonsil crevasses without gagging.Dr. Greene's Answer: Vonda, I'm so glad you asked! Most people are not aware of this medical condition. Hemihypertrophy, also called hemihyperplasia, is a greater-than-normal asymmetry between the right and left sides of the body.my cat died recently and i was with her then. What i want to know is how do animals die? My cat let out a deep cry, collapsed on her side and had what seemed like a seizure for about 5 minutes before passing.
