

# Download Why Should I Nurse My Baby

If you're getting discouraged working with your non-nursing baby, read this: My Baby Just Doesn't Get It. If you have a newborn who is not latching on, do keep in mind that almost all reluctant nursers will start latching by four to eight weeks of life. It's the million dollar question: Why does my baby wake up when I put her down? The second she's in her bed – wide awake again! Why? Read on...By Corey Heller Photo Credit: Kim Hyeyoung

What with all of the fantastic American men around, what made me choose to tie the knot with a foreigner? How about this fun, tongue-in-cheek, stereotypical rundown of some of my favorites (ignoring, of course, all of the challenges that go into an international marriage – you can find those in my post 10 Reasons Why You Should NOT Marry a Foreigner)? The Breastfeeding Answer Book, La Leche League, 2003 ?; Here are the co-sleeping guidelines from Attachment Parenting International.. I also recommend The No-Cry Sleep Solution by Elizabeth Pantley for parents who are having sleep difficulties with their baby or toddler. Also see my post called Transitioning a Breastfeeding Toddler to Her Own Bed. ?
